

IF BACK HURTS USE SALTS FOR KIDNEYS

Get some meat if Kidneys feel like lead or bladder bothers you—Meat forms uric acid.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally. If we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys, and stimulate them to normal activity. It also neutralizes the acids in the urine so it is no longer irritating, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe, in a kidney trouble while it is only trouble.

LUNG-RACKING COUGH

Yields to Our Cod Liver and Iron Remedy, Vinol

To the people of Norwich we make this offer: Come to our store and buy a bottle of Vinol. It will cure your chronic cough or hang-cough, cold, or give you your money back. Read this convincing letter:

"For seven years I had a lung racking cough which made sleep impossible and caused great distress. I also had asthma. I was obliged to sit up all night for weeks at a time. I spent a great deal of money in search of relief, but failed until I used Vinol, but it had acted like a charm. I can lie down and sleep all night without coughing, and one night's rest such as I now enjoy is priceless. Since I have taken Vinol I have had no cough or symptoms of asthma, and it is a genuine pleasure to testify to the excellence of Vinol." W. B. McMurtrie, Station Agent M. & O. Ry. Co., Norwich, Ill.

Don't forget the above "money back" offer—we mean it. G. G. Engler, Norwich, Conn.

ACCIDENT NEAR WESTERLY RECALLED

Cornelius J. Farrell's Case Against Norwich-Westerly Traction Company Before Supreme Court in Providence—

Historical Society Hears Paper on Lotterville—George N. Marshall Held in \$3,500 Bonds—Providence Cold to Dr. Percy A. Senior.

In the case of Cornelius J. Farrell against the Norwich and Westerly Traction company, arguments were heard on defendant's motion to strike out portions of the plaintiff's declaration before Presiding Justice Tanner in the superior court at Providence. Attorney Albert B. Crafts arguing for the plaintiff, and Judge Edward M. Burke for defendant. Justice Tanner took the matter under advisement. The suit is in connection with the accident at the Vequetequock crossing on the afternoon of Sept. 8, 1914, when an automobile driven by Farrell was struck by a trolley car.

Farrell, a resident of Providence, was injured and alleges that his injuries are of a permanent nature and he seeks to recover \$15,000 in damages.

The arguments before Judge Tanner were on the declaration of the defendant that it was the custom in the United States, before and at the time of the accident, for steam and trolley roads to maintain flagsmen at grade crossings; and for the flagmen to warn drivers of vehicles of the approach of trolley cars, and to keep track of the time when cars are due so as to give warning; and have shanty near the crossing for flagmen when they are not engaged in duty; and that it was the custom of drivers of automobiles and other vehicles to rely upon the warnings given by the flagmen. It was alleged that Farrell saw the shanty at the crossing beyond the crossing where the accident occurred, but saw no flagman, and, assuming that all was right, continued on to the track, relying upon the flagman for his safe passage. The waiting station at Vequetequock was evidently mistaken for a flagman's shanty.

The defendant desired those points in the plaintiff's declaration struck out, as it would be some task for the plaintiff to prove, and the defendant desired to have the custom that it alleged at grade crossings all over the United States, as conditions differed at grade crossings where all drivers of vehicles are supposed to use their eyes and ears and take due precaution to prevent accidents, and to have it stated that the defendant should not be put to the expense and trouble of convincing the trial justice on that point. Hence the motion to have it stricken out of the plaintiff's declaration. It is hardly possible that Judge Tanner's decision will be handed down in time to have the case assigned for hearing at the session of the superior court.

Swarts, secretary of the Rhode Island state board of health, became cognizant of Dr. Senior's proposed plan, the Western physician was summoned before the state board at Providence, Thursday afternoon, to show cause why his certificate as a practicing physician in Rhode Island should not be revoked.

DISSATISFIED WITH BRITISH NAVAL AIR SERVICE
Large, New Aeroplanes for Offensive Asked for in Commons.

London, Nov. 11, 6.10 p. m.—Resuming the debate in the house of commons which was adjourned last night owing to the absence of members of the cabinet, William Joynson-Hicks, member for the Brentford division of Middlesex, called attention to the condition of the royal flying corps and the naval air service. He said there was a great dissatisfaction connected with the naval air service in regard to the organization and the appointment of a chief, with the exception of the aircraft above the heads of those who in fact had built up the fabric of the service.

It was important, added the member, that England should have large, new aeroplanes for the offensive next spring in order to meet the new ships and new aeroplanes which the Germans were building. He asked why work on an English Zeppelin has been stopped in January and whether the admiralty had dropped the policy of attacking Zeppelins by aeroplanes.
